# STRUCTURAL FIRE SERIES

NFPA 1971 CERTIFIED FIREFIGHTING GOGGLES

## PRODUCT DESCRIPTION

ESS Structural goggles can be worn alone, on a helmet, or in conjunction with faceshields or flip-downs. ESS Structural goggles are compliant with NFPA 1971-2018, including the 500°F for 5-minute oven test. The goggle's full-perimeter ventilation and filtration system minimizes lens fogging and filters airborne particles, dust and splashes. The patented Speed-Clip™ strap system facilitates quick strap adjustment, even with gloves on.

## LENSES

2.6MM -2.8MM HIGH-IMPACT POLYCARBONATE • INTERCHANGEABLE • 100% UVA/UVB PROTECTION  
ESS CLEARZONE™ ANTI-FOG/ANTI-SCRATCH LENS COATING • DISTORTION-FREE ESSOPTICS™

## BALLISTIC PROTECTION STANDARDS

NFPA 1971-2018 EDITION • ANSI Z87.1-2015 • U.S. FEDERAL OSHA

## INNERZONE™ SERIES

The Innerzone™ Structural goggles can accommodate fitting over most prescription eyewear.

Rx inserts available see page 45 or visit [esseyepro.com/rx](http://esseyepro.com/rx)

## FIREPRO 1971™ & INNERZONE™ CONFIGURATIONS

**FIREPRO-1971 EX-1™**

Semi-Permanent Bracket	740-0201
Snap on/ off bracket	740-0251

# WILDLAND FIRE SERIES

NFPA 1977 FIREFIGHTING GOGGLES

## PRODUCT DESCRIPTION

ESS offers three different Wildland goggle series. The new **ESS Influx FirePro-1977™** wildland goggles are Rx compatible, have low-profile frames and feature the patented Adjustable Ventilation System™ AVS, for a dust-free, fully-sealed mode, or a fog-free, open-ventilation mode. The **ESS Firepro 1977™** series is based on the ESS Profile NVG™ low profile military goggle and is Rx compatible. The **ESS Striketeam™** series is a high volume goggle that fits over prescription eyewear.

## LENSES

2.6MM -3.0MM HIGH-IMPACT POLYCARBONATE • INTERCHANGEABLE • 100% UVA/UVB PROTECTION  
ESS CLEARZONE™ ANTI-FOG/ANTI-SCRATCH LENS COATING • DISTORTION-FREE ESSOPTICS™

## BALLISTIC PROTECTION STANDARDS

NFPA 1977-2016 EDITION • ANSI Z87.1-2015 • U.S. FEDERAL OSHA • UL CERTIFIED

# RX INSERTS

Many ESS products are compatible with Rx inserts which fit behind your eye pro's primary lenses. To identify Rx insert-compatible products, look for the Rx Insert Available symbol or reference the chart on the previous page.

## U-RX™ INSERT

The **U-Rx™** Prescription Lens Insert was developed to be the most comprehensive and adaptable Rx solution ever made. This universal Rx carrier is the first to interchange across brands in a wide variety of ESS and Oakley® ballistic eyeshields and goggles. The U-Rx is compatible with the Oakley® Ballistic M-Frame 2.0 / 3.0 and Oakley® SI Ballistic Goggle.  
Model #: 740-0433

## VICE™ RX INSERT

The wire & monofilament-framed **Vice™** Rx Insert snaps into a Crossbow®, Crosshair™, Suppressor™, ICE™, or ICE NARO™ eyeshield for a low-profile, lightweight prescription integration. This allows one prescription carrier to work in multiple products.  
Model # 740-0308

If not using ESS Rx Filling Service, ESS strongly recommends the use of Polycarbonate lenses in prescription inserts. Rx filling should always be done in an ANSI-compliant lab. Range of prescription inserts may vary based on the filling service you use.

# PRODUCT TESTIMONIAL

BUILT FOR BATTLE. TOUGH FOR LIFE.

PSG Kelly Rogne  
Rifle Platoon Sergeant

"Dear ESS,

As a Rifle Platoon Sergeant in Southern Afghanistan, I harped on wearing all Personal Protective Equipment (PPE) while on patrol. My entire platoon was equipped with one of your latest products: the ESS Crossbow. I had no idea this emphasis on PPE would save my vision, and the vision of several of my Soldiers.

While conducting dismounted offensive operations my platoon took several casualties as a result of an IED blast. My Weapons Squad Leader received shrapnel wounds to his face, in all areas except those protected by his ESS glasses.

Undoubtedly his vision was saved by your clearly superior product. Additionally, later in my deployment, I was walking in the lead of our formation, clearing our route to our objective. While kneeling and investigating a possible IED location, the IED was triggered, and sent the majority of the blast towards my torso and head.

Despite the relative proximity to the blast I only received minor facial wounds. I owe my eyesight to your product, as the ESS Crossbows I wore took the majority of sand, shrapnel, and debris. Thank you for protecting my platoon and I, and all other warfighters serving our country."

— PSG Kelly Rogne

FROM THIS LIMITED EDITION SUNGLASS SERIES TO CHARITY.

## CONCERNS OF POLICE SURVIVORS (C.O.P.S.)

Each year, between 140 and 160 officers are killed in the line of duty and their families and coworkers are left to cope with the tragic loss. C.O.P.S. provides resources to help them rebuild their shattered lives. There is no membership fee to join C.O.P.S., for the price paid is already too high. C.O.P.S. is governed by a National Board of law enforcement survivors. All programs and services are administered by the National Office in Camdenton, Missouri. C.O.P.S. has over 50 Chapters nationwide that work with survivors at the grass-roots level. [www.nationalcops.org](http://www.nationalcops.org)

## HIGHER GROUND

HG Military uses therapeutic recreation to facilitate a change in perspective, giving injured service members the physical skills, confidence, and coping strategies necessary for a successful reintegration into their families and home communities. HG is recognized as one of the premier rehabilitation programs in the country by the Department of Defense, military medical centers, and veteran service organizations. We serve military personnel and veterans with Traumatic Brain Injuries (TBIs), Post Traumatic Stress (PTS) and other polytrauma. ## NATIONAL FALLEN FIREFIGHTERS FOUNDATION

Congress created the National Fallen Firefighters Foundation to lead a nationwide effort to honor America's fallen firefighters. Since 1992, the non-profit Foundation has developed and expanded programs that fulfill that mandate. Our mission is to honor and remember America's fallen fire heroes and to provide resources to assist their survivors in rebuilding their lives and work within the fire service community to reduce firefighter deaths and injuries.
